

MAKING FLASHCARDS

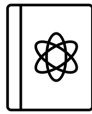

Why use flashcards?

- ✓ Aid memory by using active recall
- ✓ Are a good way of self-testing
- ✓ Great for learning keywords and definitions, language, dates and other important facts

How to make flashcards

Step 1

Identify the knowledge you want to make your flashcards on

Gather your books and materials

Step 2

Limit to one question per card

Question on the front, answer on the back

Be concise and clear

Step 3

Include a drawing or diagram where needed

Use different colours or highlight for different topics

Tips for writing flashcards

Flashcards do not have to be flashy

While making flashcards pretty might encourage you to use them, it is not necessary.

Avoid cramming too much information on your card
